#### PROXY STATEMENT

# ANNUAL MEETING OF SHAREHOLDERS TO BE HELD JANUARY 23, 2023

This Proxy Statement is furnished in connection with the solicitation of proxies to be used at the Annual Meeting of Shareholders of RGC Resources, Inc. ("we", "our", "Resources" or the "Company"). The Annual Meeting will be held virtually on Monday, January 23, 2023, at 11:30 a.m. at the following URL: www.virtualshareholdermeeting.com/RGCO2023 (the "Annual Meeting").

# **Record Date and Voting Securities**

Notice of the Company's Annual Meeting, this Proxy Statement and the enclosed form of proxy were mailed on or about December 8, 2022 to all shareholders of record. Only shareholders of record at the close of business on November 18, 2022, the record date, are entitled to vote at the Annual Meeting. A list of shareholders entitled to vote at the Annual Meeting will be open to examination by any shareholder, for any purpose relevant to the meeting, during ordinary business hours at the Company's offices at 519 Kimball Avenue, N.E., Roanoke, Virginia 24016 and online during the Annual Meeting.

As of the record date, 9,832,210 common shares were issued and outstanding. Each common share is entitled to one vote. A majority of the common shares outstanding entitled to vote on the record date, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting.

Proxies in the form enclosed herewith are solicited by management at the direction of the Company's Board of Directors (the "Board").

# **Voting Procedures**

Shareholders of record may vote virtually at the Annual Meeting, online at www.proxyvote.com, by mailing the proxy card or by telephone by calling (800) 690-6903. Votes cast during the Annual Meeting will be verified by an Inspector of Elections, appointed by the Company. All proxy materials are available on the Company's website at www.rgcresources.com or at the virtual meeting site.

If you plan to attend the Annual Meeting, you will be required to register with your unique identification code provided in your meeting notification.

If your shares are held in a brokerage account or by a bank, broker, trustee, or other nominee, you are considered the "beneficial owner" of shares held in "street name". You should have received a voting instruction form with these proxy materials from that organization rather than from the Company. As a beneficial owner, you have the right to direct your broker or other nominee regarding how to vote the shares in your account by following such organization's voting instructions. If you are a beneficial owner and do not instruct your broker or nominee how to vote your shares, brokers and nominees can use their discretion to vote "uninstructed" shares with respect to Proposal No. 2 regarding the ratification of our independent registered public accounting firm; however, brokers and nominees do not have discretionary voting power to vote "uninstructed" shares with respect to Proposal Nos. 1, 3, 4 or 5 (which is considered a "broker non-vote"). A "broker non-vote" occurs when a broker or nominee holding shares for a beneficial owner cannot vote shares on a particular proposal because the beneficial owner did not provide voting instructions and the broker or nominee does not have discretionary voting power with respect to that matter (that is, the broker or nominee is not permitted to vote on the matter without shareholder instructions).

Abstentions and broker non-votes are counted as shares present and entitled to vote for the purpose of determining a quorum. Abstentions will be counted towards the vote total for Proposal Nos. 2, 3 and 4 and will have the same effect as AGAINST votes. An abstention for Proposal No. 5 will have no effect and not be counted. "Broker non-votes" will not count as votes in favor of or against any of the stated proposals.

If you return a signed and dated proxy card without marking any voting selections or providing different instructions on the proxy card, your shares will be voted at the meeting FOR the election of the four director nominees listed in Proposal No. 1, FOR the ratification of the appointment of our independent registered public accounting firm in Proposal No. 2, FOR the authorization of an additional 200,000 Common Shares for issuance under the Director Restricted Plan in Proposal No. 3, FOR the advisory approval of executive compensation in Proposal No. 4 and FOR 1 YEAR for the frequency of the executive compensation vote in Proposal No. 5. With respect to any other business that may properly come before the Annual Meeting and be submitted to a vote of shareholders, proxies will be voted in accordance with the best judgment of the designated proxy holders. We do not know of any matters to be presented at the Annual Meeting other than those described in this proxy statement.

The director nominees listed in Proposal No. 1 will be elected by a plurality of the votes of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. The four nominees receiving the most FOR votes will be elected. The proxy being provided enables a shareholder to vote FOR the election of the nominees proposed by the Board, or to "withhold" authority to vote for one or more of the nominees proposed. Brokers may vote shares on this proposal only if they have received voting instructions from the beneficial owners of the shares. Only shares that are voted in favor of a nominee will be counted towards that nominee's achievement of a plurality. Accordingly, "withhold" votes and "broker non-votes" will not have any effect on determining the outcome of this proposal.

The appointment of our independent registered public accounting firm listed in Proposal No. 2 will be ratified if a majority of shares present or represented by proxy at the Annual Meeting and entitled to vote thereon vote FOR such proposal. Brokers may vote shares in their discretion on this proposal if they have not received voting instructions from the beneficial owners of the shares. Abstentions will have the same effect generally as a vote AGAINST this proposal.

Proposal No. 3, authorization of an additional 200,000 Common Shares for issuance under the Director Restricted Plan, will be considered to be approved if it receives FOR votes from the holders of a majority of the votes of the shares present or represented by proxy at the Annual Meeting and entitled to vote.

Proposal No. 4, advisory approval of the compensation of the Company's named executive officers, will be considered to be approved if it receives FOR votes from the holders of a majority of shares either present or represented by proxy and entitled to vote. Brokers may vote shares on this proposal only if they have received voting instructions from the beneficial owners of the shares. "Broker non-votes" will not have any effect on determining the outcome of this proposal. Abstentions will have the same effect generally as a vote AGAINST this proposal.

Proposal No. 5, advisory approval of the frequency of the advisory vote on executive compensation, will be considered to be approved if the frequency voted FOR receives the highest number of votes from the holders of shares either present or represented by proxy and entitled to vote.

### **Revoking a Proxy**

You may revoke your proxy at any time before voting is declared closed at the Annual Meeting by: (i) voting during the Annual Meeting; (ii) executing and delivering a subsequent proxy; (iii) submitting another time and later dated proxy by telephone or the internet or (iv) delivering a written statement to the Corporate Secretary revoking the proxy. Attending the Annual Meeting will not in and of itself revoke a proxy.

#### PROPOSAL 1: ELECTION OF DIRECTORS OF RESOURCES

The Company's Board of Directors consists of ten members and is divided into three classes (A, B, and C) with staggered three-year terms. The current term of office of the Class B directors expires at the 2023 Annual Meeting. The terms of Class A and C directors expire in 2025 and 2024, respectively. Each of the Company's current directors and nominees for election are independent directors, as determined under the Company's independence standards adopted in accordance with the applicable rules of the Securities and Exchange Commission (the "SEC") and NASDAQ, except Paul W. Nester.

There are four nominees for Class B directors: Nancy Howell Agee, Jacqueline L. Archer, Robert B. Johnston and J. Allen Layman. The Governance and Nominating Committee and the Board of Directors have selected and endorsed each of these candidates because each brings unique talents and business experience to the Board.

Nancy Howell Agee is President and CEO of Carilion Clinic, a \$2.4 billion not-for-profit, integrated health system headquartered in Roanoke, Virginia and serving more than 1 million people in Virginia and West Virginia, a position in which she has served since 2011. Ms. Agee has been a director of the Company since 2005 and serves as the Chair of the Compensation Committee. Ms. Agee is nationally recognized as a health care leader and is a past chair of the American Hospital Association, a membership organization representing the nation's 5,000 hospitals and health care systems. Modern Healthcare named her one of 2021's Women Leaders Luminaries that recognizes executives whose careers have been defined by reshaping the industry. She has been perennially named one of Modern Healthcare's top 25 women in health care and one of the national magazine's 100 most influential people in health care. In addition, she serves on the board of directors and audit committee of Healthcare Realty Trust Incorporated, a publicly traded company, and is a director of American National Bankshares, Inc., a publicly traded regional financial institution. She is a member of The Wall Street Journal Council of CEOs, and serves on the boards of the Virginia Foundation for Independent Colleges, Virginia Business Council, Virginia Business Higher Education Council and on the Governor's Advisory Council on Revenue Estimates. In January 2022, Ms. Agee was selected by newly inaugurated Governor Glenn Youngkin to serve on his Medical Advisory Team. Ms. Agee serves on numerous boards of other healthcare and community organizations. Ms. Agee is a former member of The Joint Commission's Board of Commissioners and past chair of the Virginia Hospital & Healthcare Association and the Virginia Center for Health Innovation. She holds degrees with honors from the University of Virginia and Emory University and participated in postgraduate studies at the Kellogg School of Business, Northwestern University.

We believe that Ms. Agee's business and leadership experiences as well as her knowledge of the economic and political environment in the Company's service area make her a valuable member of our Board.

Jacqueline L. Archer is President and COO and a Director of Blue Ridge Beverage Company, Inc., a distributor of beer, wine, and non-alcohol beverages, headquartered in the Roanoke Valley and serving southwest and central Virginia, since 2017. Ms. Archer previously was Blue Ridge Beverage's Executive Vice President and CFO, overseeing all corporate finance, treasury and merger and acquisition efforts. Prior to Blue Ridge Beverage and while based in Chicago, she spent more than 13 years in investment banking specializing in merger and acquisition and corporate advisory services, transaction origination, execution, and client management.

Ms. Archer is a Director and Audit Committee Chair of the Virginia Tech Foundation, Director and Immediate Past Chair of the Virginia Beer Wholesalers Association, Chair of the National Beer Distributor Council for Constellation Brands, Inc., and serves, or has served, on boards of various community and industry organizations. Ms. Archer previously held NASD Series 7, 63 and 24 registrations. Ms. Archer, a Roanoke Valley native, holds an undergraduate engineering degree with honors from Princeton University and an MBA with a concentration in finance from the University of Chicago's Booth Graduate School of Business.

We believe that Ms. Archer's experiences as the leading executive of a large, regional business as well as her investment banking expertise make her a valuable member of our Board.

**Robert B. Johnston** is Executive Vice President and Chief Strategy Officer of the The InterTech Group, Inc. ("TIG"), a position in which he has served since 2008. In this capacity, he is responsible for merger and acquisition activities, investments and communications as well as oversight of a number of TIG operating companies. Mr. Johnston previously served as the President and CEO as well as Vice Chairman of Hudson Bay Company.

Mr. Johnston currently serves as Chairman of Supremex, Inc., a Toronto Stock Exchange listed company, and director of Circa Enterprises Inc., Swiss Water Decaffeinated Inc., FIH Group PLC and Colabor Group Inc. Mr. Johnston holds an MBA degree from the John Molson School of Business, a Master's degree in Public Policy and Public Administration, as well as a Bachelor's degree in Political Science from Concordia University. He has also completed the Oxford Advanced Management and Leadership Program.

We believe that Mr. Johnston's experiences as a former CEO of a large corporation, an experienced director of publicly traded companies, including natural gas utilities, as well as his merger and acquisition expertise make him a valuable member of our Board.

*J. Allen Layman* is a private investor, who has been a director of the Company since 1991. He retired after 30 years in the telecommunications industry as President and CEO of R&B Communications and Chairman and President of Ntelos, Inc. Mr. Layman holds a degree in Business Administration and Economics from Bridgewater College. He served as a director for Bank of Fincastle, and has served on numerous charitable and industry trade boards.

We believe Mr. Layman's experiences as a utility CEO and his in-depth knowledge of the regulatory landscape is helpful to our understanding of the rapidly changing energy industry and its implications on our customer base, which make him a valuable member of our Board.

Your Board of Directors recommends a vote FOR each of the nominees for Class B Director.

# PROPOSAL 2: RATIFICATION OF BROWN, EDWARDS & COMPANY, L.L.P. AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2023

Upon recommendation and selection by the Audit Committee, the Board of Directors approved Brown, Edwards & Company, L.L.P. ("Brown Edwards") as the independent registered public accounting firm to audit the consolidated financial statements of the Company for the year ending September 30, 2022. Brown Edwards has served as our independent registered public accounting firm since 2006. The Audit Committee has reappointed Brown Edwards as the independent registered public accounting firm to audit our consolidated financial statements as of and for the fiscal year ending September 30, 2023. A representative of Brown Edwards is expected to be present at the Annual Meeting, and will have a chance to speak or respond to appropriate questions.

The Company's Audit Committee is solely responsible for selecting the Company's independent registered public accounting firm for the fiscal year ending September 30, 2023. Although shareholder ratification of the appointment of Brown Edwards is not required by the Company's bylaws, the Board of Directors believes that it is desirable to do so. If the shareholders do not ratify the appointment of Brown Edwards, the Audit Committee will consider whether to engage another independent registered public accounting firm. If the appointment of Brown Edwards is ratified by shareholders, the Audit Committee may change the appointment at any time if it determines a change would be in the best interest of the Company and its shareholders.

Your Board of Directors recommends a vote FOR the ratification of Brown, Edwards & Company, L.L.P. as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2023.

# PROPOSAL 3: AUTHORIZATION OF AN ADDITIONAL 200,000 COMMON SHARES OF THE COMPANY FOR ISSUANCE UNDER THE RESTRICTED STOCK PLAN FOR OUTSIDE DIRECTORS

The Director Restricted Plan is designed to encourage Resources stock ownership for non-employee directors. Under the Director Restricted Plan, if a director owns less than 10,000 shares of Resources stock, the director is required to take at least 40% of the annual retainer fee paid in shares of Company common stock.

As of September 30, 2022, the Director Restricted Plan has 16,779 shares available for issuance. In order to continue to have shares available for issuance under the Director Restricted Plan, the Company is seeking the authorization of an additional 200,000 common shares. See Compensation of Directors on page 10 for more information about our Director compensation and the Director Restricted Plan.

Your Board of Directors recommends a vote FOR the approval to authorize an additional 200,000 common shares for issuance under the Restricted Stock Plan for Outside Directors.

# PROPOSAL 4: NON-BINDING SHAREHOLDER ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

At the 2017 Annual Meeting, our shareholders voted to continue the annual shareholder review of executive compensation. We believe that our executive compensation program is competitive within the industry and strongly aligned with the long-term interests of our shareholders. This program has been designed to promote a performance-based culture and ensure a philosophy of long-term value creation by aligning the interests of the executive officers with those of our shareholders by linking a meaningful portion of their compensation to the Company's performance. The program is also designed to meet short-term objectives and to attract and retain highly-talented executive officers who are critical to the successful execution of the Company's strategic business plan.

We also believe that both the Company and shareholders benefit from constructive and consistent dialogue. The proposal set forth above is intended to give you the opportunity to endorse or not endorse the compensation we paid to our named executive officers for fiscal 2022 and the proposed compensation for fiscal 2023.

The Compensation Committee has overseen the development of the executive compensation program, as described more fully in the Compensation Discussion and Analysis section of this Proxy Statement.

Please note that your vote is advisory and will not be binding upon the Company or the Board of Directors. However, the Board of Directors and Compensation Committee value the opinions that our shareholders express in their votes and in any additional dialogue. Consequently, the Compensation Committee intends to take into account the outcome of the vote when considering future executive compensation decisions for our executive officers.

Your Board of Directors recommends a vote FOR approval, on an advisory basis, of the named executive officers compensation as disclosed in this proxy statement.

# PROPOSAL 5: NON-BINDING SHAREHOLDER ADVISORY VOTE ON THE FREQUENCY OF HOLDING A NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION

At least every 6 years, shareholders are to be provided an opportunity to cast an additional non-binding advisory vote to determine whether the shareholder advisory vote to approve compensation will occur every one, two, or three years.

After careful consideration, our Board of Directors has determined that an advisory vote on executive compensation that occurs every year is the most appropriate alternative for our Company, and therefore our Board recommends that you vote for a one year interval for the advisory vote on executive compensation. The Company believes that an annual advisory vote will allow our shareholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement every year.

Your Board of Directors recommends a vote FOR, on an advisory basis, the 1 YEAR frequency for the executive compensation vote.

#### The Board's Role in Risk Oversight

The Board and management have distinct roles in the identification, assessment and management of risks that could affect the Company. The Board exercises its responsibility for risk directly and through its three standing committees. In Board or committee meetings, management updates members on risk assessment and mitigation strategies. Each committee charged with risk oversight reports to the Board on those matters.

Management provides regular updates to both the Audit Committee and the Board regarding cybersecurity and other related information technology matters. These updates include, but are not limited to, reviews of technology infrastructure changes, incident response plans, network and system testing, employee training programs and pertinent insurance programs.

The Board believes that its current leadership structure facilitates its oversight of risk by combining independent leadership, through independent board committees and majority independent board composition, with an experienced Chairman and a CEO who have intimate knowledge of the business, history, and the complex challenges the Company faces. The Chairman and CEO both have in-depth understanding of these matters and the CEO has direct involvement in the day-to-day management of the Company, uniquely positioning him to promptly identify and raise key business risks to the Board.

#### **Board Diversity**

Nasdaq's Board Diversity Rule, which was approved by the SEC in 2021, is a disclosure standard designed to encourage board diversity for companies and provide stakeholders with a consistent, comparable disclosure concerning a company's current board composition. Resources' exceeds the diversity objective by virtue of having four female directors.

#### **Environmental, Social, and Governance**

The Governance and Nominating Committee has been tasked with oversight of the Company's Environmental, Social, and Governance ("ESG") matters. Management reports regularly to the Governance and Nominating Committee on these matters. We also actively engage our investors on these matters.

The Company continues to execute on its commitment to safety, superior customer service, community involvement and our environmental stewardship and corporate sustainability. As technology continues to advance and customer preferences evolve, ESG initiatives are informing our operational decision-making and business strategies. These initiatives include ongoing investments in pipeline renewals, which further reduce emissions and improve safety and reliability. Further, as a testament to our commitment to environmental stewardship, the Company recently joined ONE Future. ONE Future is a coalition of natural gas companies working together to voluntarily reduce methane emissions across the natural gas value chain to 1% or less by 2025. Please see our website in the section titled "ESG" for more information.

### **Director Nominations**

The Governance and Nominating Committee establishes the process by which candidates are selected for possible inclusion in the recommended slate of director nominees. The Governance and Nominating Committee will take into account the Company's current needs and the qualities needed for Board service, including experience in business, finance, technology or other areas relevant to the Company's activities; reputation, ethical character and sound judgment; diversity of viewpoints, backgrounds and experiences; absence of conflicts of interest that might impede the proper performance of director responsibilities; independence under SEC and NASDAQ rules; service on other boards of directors; sufficient time to devote to Board matters; and the ability to work effectively with other Board members. In the case of incumbent directors whose terms of office are set to expire, the Governance and Nominating Committee will review such directors' overall service to the Company during their term, including the number of meetings attended, level of participation and quality of performance. For those potential new director candidates who appear upon first consideration to meet the Board's selection criteria, the Governance and Nominating Committee will conduct appropriate inquiries into their background and qualifications and, depending on the result of such inquiries, arrange for in-person meetings with the potential candidates.

The Governance and Nominating Committee may use multiple sources for identifying director candidates, including its own contacts and referrals from other directors, members of management, the Company's advisers and executive search firms. The Committee will consider director candidates recommended by shareholders and will evaluate such director candidates in the same manner in which it evaluates candidates recommended by other sources. Any director candidates to be recommended by shareholders should be described in writing to the Corporate Secretary. This recommendation must be sent no later than 120 days prior to the anniversary of the expected mailing date of this proxy statement, in order to be considered for inclusion in the proxy statement for the 2024 annual meeting of shareholders.

Restricted Stock Plan for Outside Directors. Under the Company's Amended and Restated Restricted Stock Plan for Outside Directors (the "Director Restricted Plan"), originally adopted January 27, 1997, as amended on March 28, 2016 and effective October 1, 2016, a minimum of 40% of the annual retainer fee paid to each non-employee director of the Company on a monthly basis is paid in shares of Company common stock restricted under the terms of the Director Restricted Plan ("Director Restricted Stock"). If the director owns more than 10,000 shares of Resources stock, the minimum requirement is waived. The number of shares of Director Restricted Stock paid each month is calculated based on the first business day of the month closing price of Resources' common stock on NASDAQ. A participant can, subject to approval of the Compensation Committee, elect to receive up to 100% of the retainer fee in Director Restricted Stock. Such election cannot be revoked or amended during the fiscal year.

There is no option to take cash in lieu of stock upon vesting of shares under this Plan. #### COMPENSATION DISCUSSION AND ANALYSIS

We are committed to creating shareholder value. Our 2022 underlying net income, which removes the effect of the non-cash MVP investment impairment, was \$9.2 million, or \$1.01 per share. Also in 2022, the Board approved a 5.4% annual cash dividend increase to \$0.78 per share. The Board has increased the annual cash dividend every year since 2004.

Our compensation philosophy is designed to incentivize management to create shareholder value by attracting and retaining talent, rewarding performance and instilling an ownership culture. Our Restricted Stock Plan is intended to advance those goals, by further aligning senior management with our shareholders. As described below, we pay a portion of incentive compensation in the form of restricted stock, based on earnings targets. This section will provide an overview of our executive compensation philosophy and why we believe it is appropriate for the Company and its shareholders.

We also discuss the Compensation Committee's methodology for determining appropriate and competitive levels of compensation for the named executive officers. Details of compensation paid to the named executive officers can be found in the tables that follow.

### **Compensation Philosophy and Objectives**

Who are the named executive officers for fiscal year 2022?

The named executive officers of the Company are Paul W. Nester, Jason A. Field, and Lawrence T. Oliver.

What person or group is responsible for determining the compensation levels of named executive officers?

The Compensation Committee has a charter, pursuant to which it reviews and recommends to the Board the compensation, including base salary and annual incentive or discretionary compensation, of the Company's CEO and the other executive officers.

The CEO is actively involved in the executive compensation process. The CEO reviews the performance of each of the executive officers, other than his own, and, within the defined program parameters, recommends to the Compensation Committee base salary increases and incentive awards for such individuals. He provides the Compensation Committee with financial performance goals for the Company that are used to link pay with performance. The CEO also provides his review to the Compensation Committee with respect to the executive compensation program's ability to attract, retain and motivate the level of executive talent necessary to achieve the Company's business goals. The CEO attends the meetings of the Compensation Committee but does not participate in the Committee executive sessions.

The Compensation Committee did not utilize an outside consultant in fiscal year 2022.

What are the Company's executive compensation principles and objectives?

The Company's overall executive compensation philosophy is that pay should be competitive with the relevant market for executive talent, be performance based, vary with the attainment of specific objectives and be aligned with the interests of the Company's shareholders. The core principles of the Company's executive compensation program include the following:

Pay competitively. The Compensation Committee believes in positioning executive compensation at levels necessary to attract and retain exceptional leadership talent. An individual's performance and importance to the Company can result in total compensation being higher or lower than the target market position.

Pay-for-performance. The Compensation Committee structures executive compensation programs to balance annual and long-term corporate objectives, including specific measures which focus on

operational and financial performance through incentive bonuses and the goal of fostering shareholder value creation through restricted stock grants.

Create an ownership culture. The Compensation Committee believes that using compensation to instill an ownership culture effectively aligns the interests of executive officers and the shareholders. A significant portion of our incentive compensation awarded to executive officers is based on earnings and in the form of restricted common stock. The restrictions are intended to promote stock ownership. In addition, the Committee oversees a modest stock option plan intended to encourage stock ownership.

The CEO and the Compensation Committee periodically review the executive compensation philosophy. No recent changes have been made to the compensation philosophy; however, programmatic changes have been implemented at various times to enhance the effectiveness of the various compensation elements.

What is the CEO stock ownership requirement?

The CEO is expected to achieve and maintain a level of stock ownership equivalent to 5 times, or 500%, of annual base salary.

Does the Company have a Clawback Provision?

Yes. For any incentive compensation or bonus award calculated upon the achievement of certain financial results or other performance metrics that, in either case, were subsequently found to be materially inaccurate, the Compensation Committee may seek recovery of said award. Further, if the Compensation Committee determined that the executive officers engaged in misconduct, malfeasance or gross negligence in the performance of their duties that either caused or significantly contributed to the material inaccuracy in financial statements or other performance metrics, there is no time limit on this right of recovery. In all other circumstances, the right of recovery is limited to one year after the date of payment of each award.

Does the Company have an anti-hedging and pledging of Company securities policy?

Yes. Directors, executive officers and employees of the Company may not engage in hedging transactions related to the Company's securities. Specifically, pursuant to Company policy, no director, executive officer or employee of the Company (or any of his or her designees) may purchase any financial instruments (including prepaid variable forward contracts, equity swaps, collars, and exchange funds), or otherwise engage in any transactions, that hedge or offset, or are designed to hedge or offset, any decrease in the market value of any "registrant equity securities" (i) granted to such director, executive officer or employee by the Company as part of such person's compensation or (ii) held, directly or indirectly, by such director, executive officer or employee. Also, directors and executive officers may not pledge the Company's stock as collateral for a loan or hold the Company's stock in a margin account.

*How do we determine executive pay?* 

The Compensation Committee benchmarks base salary, annual and other forms of incentive compensation and the Company's financial performance to a comparison group consisting of publicly traded companies. The Compensation Committee believes this process is the best way to determine whether such compensation is competitive. The comparison group is selected based on six criteria:

- 1. Companies that an outsider, with no knowledge of the Company's internal deliberations on the topic, would agree offer reasonable comparisons for pay and performance purposes;
- 2. Companies that may overlap in the labor market for talent;
- 3. Companies with comparable revenue and market capitalization;
- 4. Companies whose business models, characteristics, growth potential, and human capital are similar but not necessarily identical to those of the Company;
- 5. Public companies based in the United States where compensation and financial data are available in proxy statements and Form 10-K filings; and
- 6. Companies large enough to have similar executive positions to ensure statistical significance.

Based on these criteria, the comparison group consists of:

Cadiz, Incorporated Genie Energy LTD Luna Innovations Incorporated Pure Cycle Corporation York Water Company Chesapeake Utilities Corporation Middlesex Water Company NW Natural, Incorporated Unitil Corporation

In addition to the comparison group, the Compensation Committee utilizes market compensation data from Salary.com for each of its executive positions. This data provides benchmark information for both base pay and total compensation for energy and utility companies in the \$50 million to \$200 million size range. While the Compensation Committee has not established a specific target for each executive officer position, the Committee uses the comparison group and salary benchmark data to help ensure compensation is reasonably competitive in the industry and local job market.

How do we consider the results of the most recent shareholder advisory vote on executive compensation?

Annually, we ask our shareholders for a non-binding advisory vote on our overall executive compensation. The Compensation Committee and the Board review and consider the voting results. In 2022, 83% of votes cast were in favor of the proposal. The Committee determined that since a substantial majority of our shareholders voted in favor of our executive compensation philosophy and program, the Committee recommended and the Board agreed that changing our overall approach to executive compensation was not necessary at this time.

## **Compensation Elements**

Base Salary. Base salary is fixed compensation and is necessary to attract and retain talent and is the only non-variable element of the Company's total compensation program. Base salaries are set to reflect each executive officer's responsibilities, the impact of each executive officer's position and the contribution each executive officer delivers to the Company. Salaries are determined after analyzing competitive levels in the market, using the Company's comparison group and the Salary.com compensation data for executives with comparable responsibilities and job scope. Salary increases, if any, are based on individual responsibility and performance, Company performance and market conditions. To gauge market conditions, the Compensation Committee evaluated the comparison group and market data and established recommended salary levels based on the executive's experience, tenure, performance and potential. Based in part on the executive compensation benchmarking and the target levels for base salary set forth above, the Board, acting on the recommendation of Compensation Committee, set the executive officers' base salaries for 2023.

Performance Incentive Plan Compensation. The Performance Incentive Plan provides for a bonus based on the achievement of (1) certain qualitative goals for each executive officer, which may be individual in nature or for the Company as a whole, and (2) targets for fiscal year earnings per share. The plan bases 50% of the cash bonus on qualitative goals and 50% on earnings targets. The Compensation Committee evaluates achievement by each executive officer of their qualitative goals and then recommends to the Board an amount of bonus to be awarded in respect of such achievement. The plan sets forth minimum, target and maximum earnings per share that may be achieved. Due to the financial performance for fiscal 2022, the Company will not be paying, based on the earnings target, a portion of the 2022 incentive compensation, in the form of restricted stock under the Restricted Stock Plan described below. The Company intends to resume paying a portion of the 2023 incentive compensation, based on the 2023 earnings target, in the form of restricted stock.

RGC Resources, Inc. Restricted Stock Plan. The Company has a Restricted Stock Plan, which is intended to provide equity incentives to our key employees. Each restricted stock award will be evidenced by an agreement with the recipient. The agreement shall set forth the "Vesting Period" and "Restriction Period" for the award and any other conditions or restrictions that the Compensation Committee deems advisable, including requirements established pursuant to the Securities Act, the Exchange Act, the Internal Revenue Code and any securities trading system or stock exchange upon which such restricted shares are listed.

The "Vesting Period" for an award represents substantial risk of forfeiture until certain dates, at which time such shares or a portion of such shares shall begin to "vest" over time and no longer be subject to a substantial risk of forfeiture. The default Vesting Period for an award shall be three years with one-third of the shares vesting on the first, second and third anniversaries of the effective date of the award, respectively, unless the Compensation Committee establishes otherwise. If a recipient resigns or is otherwise terminated from employment with the Company prior to the end of the Vesting Period, he or she will forfeit all interest to his or her unvested shares of restricted stock granted in an award unless the Compensation Committee accelerates vesting for the recipient. Unless otherwise established in an award agreement by the Compensation Committee, in the event of a recipient's death, disability or normal retirement (as considered under our defined benefit pension plan), all of the awarded shares shall vest and no longer be subject to a substantial risk of forfeiture. Likewise, all awarded shares shall vest in the event of a change in control, as defined in the recipient's agreement with the Company that relates to recipient's compensation and benefits upon the occurrence of a change in ownership of the Company or similar event (i.e., the change in control agreement).

The "Restriction Period" for an award represents a period during which the recipient may not transfer, sell, pledge, assign, or otherwise alienate or hypothecate shares of restricted stock and all cash dividends on such shares must be re-invested in our common stock. Unless the Compensation Committee otherwise determines, the Restriction Period shall apply so long as shares of restricted stock are unvested and thereafter apply to 75% of such vested shares unless the recipient satisfies the following minimum ownership levels of our common stock:

President, CEO 300%, of annual base salary CFO, COO 200% of annual base salary Vice President 150% of annual base salary

The Compensation Committee will use its discretion to determine when and how such minimum levels are measured. Once a recipient satisfies the minimum level of ownership or once a recipient is no longer employed by the Company, the Restriction Period will no longer be applicable to vested shares. A change in control will not affect the Restriction Period.

Key Employee Stock Option Plan of RGC Resources, Inc. The Company has a Key Employee Stock Option Plan, which is intended to provide the Company's executive officers and other key employees with long-term incentives and future rewards tied to the price of Resources' common shares over time. This Plan requires each option's exercise price per share to equal the fair value of the Company's common shares as of the date of the grant. Under the terms of this Plan, the options become exercisable six months from the grant date and expire ten years subsequent to the grant date. The Key Employee Stock Option Plan has 22,000 options available for issue as of September 30, 2022.

RGC Resources, Inc. Nonqualified Deferred Compensation Plan. At its October 2020 meeting, the Compensation Committee proposed and the Board of Directors approved a Nonqualified Deferred Compensation Plan intended to attract, incentivize and retain certain officers and key employees of the Company. This Plan allows discretionary contributions, based on the achievement toward certain targets, as determined by the Compensation Committee. This Plan also allows a participant to defer up to 80% of their cash compensation earned as base salary or incentive. The Board approved \$33,280 in discretionary contributions to the Plan for services rendered during fiscal 2022.

### **Discussion and Analysis of Summary Compensation**

The changes in salary for our named executive officers primarily reflect increases in individual responsibilities, reasonable market adjustments and their significant contributions to the Company's overall success in fiscal 2022. The Committee also considered economic conditions, competitive market forces and the comparison group in setting the 2023 salary levels.

# **CEO Pay Ratio**

We believe in the spirit of transparency that we should provide the ratio of the annual total compensation of Mr. Nester, President and CEO, to the annual total compensation of the median employee of the Company.

For fiscal 2022, the median total annual compensation of all employees of the Company and its subsidiaries (other than the president and CEO), was \$70,209. Mr. Nester's total annual compensation for fiscal year 2022 was \$434,884. Based on the information, the ratio of the compensation of the chief executive officer to the medium annual total compensation of all employees was estimated to be 6 to 1.

To identify the median employee and to determine the total annual compensation of such employee, we used the following methodology. As defined under SEC regulations, the Company used the same median employee as determined in 2021. Accordingly, we identified our median employee as of the end of September 30, 2021, using our entire workforce. We defined total annual compensation as base pay, plus annual and long-term incentive compensation, plus benefits as outlined in the Other Compensation Table for the period of October 1, 2021 through September 30, 2022. With respect to the total annual compensation of Mr. Nester, we used the amount reported in the "Total" column of the "Summary Compensation Table".

SEC rules for identifying the median employee and calculating the pay ratio allow companies to apply various methodologies and various assumptions and, as a result, the pay ratio reported by the Company may not be comparable to the pay ratio reported by other companies.

# 2023 Compensation and Performance Incentive Plan

The Compensation Committee is committed to pay-for-performance, paying competitively and creating an ownership culture. It has recommended salary increases that are consistent with individual performance, the Company's overall performance in fiscal 2022 and that reasonably compare with our peers. It has also set the 2023 Performance Incentive Plan metrics to reward the achievement of the Company's objectives and personal performance and thereby drive shareholder return.

The Board approved the Compensation Committee's recommended annual base salaries beginning January 1, 2023, as shown below:

Name	2023 Salary	Change	2022 Salary	Change	2021 Salary
Paul W. Nester	\$ 428,400	5.0%	\$ 408,000	%	\$ 408,000

Lawrence T. Oliver	224,000	8.7%	206,000	3.0%	200,000

The Board approved the Compensation Committee's Performance Incentive Plan for the fiscal year ending September 30, 2023. The cash incentive compensation for each officer is based 50% on the individual's performance with respect to corporate objectives and 50% on a range of earnings results for fiscal 2023. The equity incentive compensation for each officer is based on a range of earnings results for fiscal 2023. The potential range of incentive compensation for each officer is provided below:

# **Severance or Change in Control Agreements**

The Company has a change in control agreement with Paul W. Nester, dated May 1, 2020, which contains a three-year term. The agreement entitles him to certain benefits in the event his employment is terminated without cause and within a specific period of time following a change in control of the Company. For purposes of this agreement, a change in control occurs when (i) any person or entity becomes the beneficial owner of at least 50% of the combined voting power of the Company's voting securities; (ii) any person or entity becomes the beneficial owner of at least 50% of the voting securities of the surviving entity following a merger, recapitalization, reorganization, consolidation or sale of assets by the Company; or (iii) the Company is liquidated or sells substantially all of its assets. If a change in control occurs, the vesting periods of any equity awards or incentives held by Mr. Nester shall be accelerated without limitation. In the event that his employment with the Company is terminated within 90 days prior to or within two years of the date of a change in control, unless the termination is (a) because of his death or disability,

(b) for cause (as defined in the agreement) or (c) by him other than for good reason (as defined in the agreement), then he will receive a lump sum severance payment (the "Severance Payment") equal to 2.0 times his annualized includable compensation for the base period, within the meaning of Section 280G(d) of the Internal Revenue Code of 1986. The Severance Payment will be reduced to the extent necessary to avoid certain federal excise taxes. Also in such event, the Company will continue his life insurance, medical, health and accident and disability plans, programs or arrangements until the earlier of two years after the date of the change in control, his death, or his full-time employment. The agreement does not require him to seek employment to mitigate any payments or benefits provided thereunder. Effective May 1, 2020, the Company also entered into identical change in control agreements with Lawrence T. Oliver, Carl J. Shockley, Jr. and Robert L. Wells, II. Effective July 25, 2022, the Company also entered into an identical change in control agreement with Jason A. Field.

The Compensation Committee reviews all of the components of each executive's compensation and awards a level of each component based on what they believe is reasonable when all elements of the compensation are considered. The Company currently does not structure compensation so as to be fully deductible under Section 162(m) of the Internal Revenue Code, but the Committee does not anticipate the Company paying compensation at a level where any amounts would not be fully deductible under such Section 162(m).

#### **Report of the Audit Committee**

The Audit Committee met six times in fiscal 2022 with the Company's management and Brown Edwards to review significant financial and accounting matters, internal controls and Brown Edwards' audit results. Two of these meetings were to review the valuation and related impairment of the Company's investment in the Mountain Valley Pipeline, LLC. Each meeting was attended by all sitting members.

Management is responsible for the Company's internal controls and the accounting and financial reporting functions. Brown Edwards is responsible for performing an audit and expressing an opinion in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB") on the Company's consolidated financial statements. In this context, the Audit Committee met with management and Brown Edwards to review and discuss the September 30, 2022 consolidated financial statements including a discussion of the acceptability and quality of the accounting principles, the reasonableness of critical accounting policies, the clarity of the disclosures in the financial statements and such other matters as are required to be discussed with the Audit Committee under standards established by the SEC and the PCAOB.

The Audit Committee discussed with Brown Edwards their firm's independence from the Company and its management and received written representation from Brown Edwards, in accordance with PCAOB requirements, regarding Brown Edwards' independence. The Audit Committee has also reviewed the non-audit services provided by Brown Edwards and determined that such services did not impact independence.

The Audit Committee considers annually and pre-approves 100% of audit services expenditures, including audit review and attest services, and pre-approves the nature, extent, and cost of all non-audit services provided by Brown Edwards. The following table sets forth the aggregate fees billed or expected to be billed by Brown Edwards for the years ended September 30, 2022 and 2021:

All Other Fees	57,583		47,914		
Total Fees	\$ 305,846	\$	276,171

All Other Fees includes services rendered in conjunction with audits of the Company's employee benefit plans and other general purposes. All services provided by Brown Edwards in 2022 and 2021 were pre-approved by the Audit Committee.
